Fraser's Tested Dahlias Are Grown The World Over

1937

TO ALL OUR DAHLIA FRIENDS

GREETINGS

IT IS with great pleasure we present this our 17th annual catalog of Dahlias. We take this opportunity to thank you for your friendly patronage and confidence. We can assure you that our utmost endeavor will be to retain this goodwill.

You will find in this catalog a selection of the best varieties of dahlias grown and tested in our own gardens so that we can with confidence recommend them to you at reasonable prices. In our descriptions and terms we have tried to make them as simple, accurate, and candid as possible, using the originator's description on the 1937 novelties.

Mr. M. J. Reynolds, Reynolds' Dahlia Gardens, Rochester, Mich., represents us in the Mid-west where our newer novelties can be seen growing previous to their being introduced. We represent Mr. Reynolds in the East. Visitors are always welcome at our gardens.

With best wishes for your success with dahlias.

GEORGE W. FRASER.
